

Connect design click Media technology perfectly integrated

- Modern and attractive design
- No visible screws on the front plate, for a visually perfect integration
- Front plate of white plastic (RAL 9010)
- Extensive assortment of data and AV interfaces
- High flexibility to be configured according to customer's wishes
- · Simplified mounting
- · Compatible with the latest socket systems of all manufacturers

Front plates in three sizes are included in the package

· Suitable for socket systems with inner dimensions of 50 x 50 mm, 54 x 54 mm and 55 x 55 mm.

Metal holder

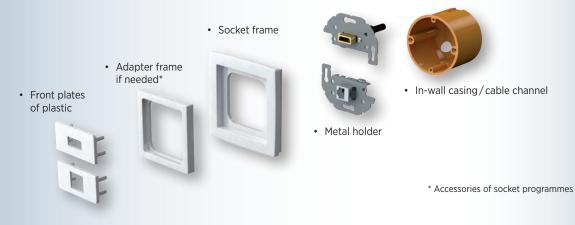

- With mounted communication interfaces
- · Isolated for floating mounting

Installation with the "click"

- · Easy and quick mounting
- · No tools needed

Bring together... rotate... click!

| Connect design click - HDBaseT

Connection plate with transmitter resp. receiver for transmission of HDMI signals up to 70 m via cat-5e/6 cable

- · Signal transmission via HDBaseT
- Transmission range max. 70 m
- Each 1x: HDMI, RJ45 (HDBaseT)
- · Cat-6 for network (gender changer) separate
- 3.5 mm jack for infra-red transmission as input resp. output (only 7456 000 545)
- Supports HDCP, EDID, HDMI 1.4, 3D and 4K x 2K

- Status LED for connection (link)
- PoC (Power over Cable), i. e. only one voltage supply for transmitter and receiver is needed, e. g. power supply with a plug (7488000027) or in-wall solution (5555000119)
- Requires 2-fold socket system and a deep 2-gang in-wall casing (7441 000 008)
- Also available as floor box version (7445 000 012)
