Hinge mount News

Tuesday, 16 March, 2021

Hinge mount

Robust and strong mount with hinge-function. Enables for installation of an addition device in front of the screen in your car while remaining the access to the screen. First you attach the hinge mounng onto an extra strength ProClip in your vehicle, then you attach a holder onto the mount. You get the installed device within easy sight and reach, and can easily lift it up in order to get access to the screen in your car.

The hinge opens 0-180° but the normal opening angle is about 90° depending on the height of the holder/device and the design of the dashboard. 90x86x20 mm. With AMPS holes for attachment of a holder, for installation of the mount a flat surface of 90x50 mm is required. Made of high grade ABS plastic. Color: Black. Made in Sweden.
