Keeps your device fully charged the entire workday!

Active holder for Ingenico Link 2500

Customized active holders for Ingenico Link 2500. Keep your device installed in your vehicle and you will always have it within easy reach and sight! Safe and convenient, provides for a better work environment.

Thanks to the holders with magnetic tip it is even easier to place the device in the holder with a one handed grip, and to take it with you when leaving the vehicle. You simply remove the tip of the charging connector and press it into the device's charging port. The charging connects correctly at once each time, it minimizes wear and keeps the device's connector in good condition.

The holder is equipped with a tilt swivel so you can easily adjust the angle for better viewing. Attach onto a ProClip mounting platform or a Pedestal mount.
